We may use the following categories of cookies on the Platform.

- i. **Strictly Necessary Cookies.** These cookies are essential in order to enable you to move around the Platform and use its features. Without these cookies, services you have requested cannot be provided.
- ii. **Performance Cookies.** These cookies collect anonymous information on how you use the Platform to help us understand how you arrive at the Platform, browse or use the Platform and highlight areas where we can improve, such as navigation. The data stored by these cookies never shows personal details from which your individual identity can be established.
- iii. **Functionality Cookies.** These cookies remember choices you make such as the country from which you visit the Platform, your preferred language, and your search parameters. This information can then be used to provide you with an experience more appropriate to your selections and to make your visits to the Platform more tailored to your preferences.
